South Dakota Chamber of Commerce & Industry

*Fighting for a business climate
that keeps you competitive.*

South Dakota
CHAMBER OF COMMERCE & INDUSTRY

A leading voice of South Dakota business

CHAMBER PROGRAMS

BUSINESS DAY AT THE LEGISLATURE:

The purpose of the day reflects our role as a leading voice of business by bringing local business and community leaders to Pierre for updates on legislative activities, hear from speakers on current business issues, networking and spending time at the Capitol during session.

BUSINESS CAUCUS:

During Business Day, the only caucus of business leaders with an exclusive briefing on issues. You vote, see the cumulative results immediately and know they are shared with each legislator, the Governor and other leaders.

ECONOMIC OUTLOOK SEMINAR:

During this annual event, economic conditions and trends are addressed by leading economist Joseph Santos, Ph.D., Professor and Dykhouse Scholar in Money, Banking, and Regulation in the Ness School of Management and Economics at South Dakota State University. Industry leaders discuss how current conditions impact key business sectors in South Dakota.

GOVERNOR'S GIANT VISION COMPETITION:

Sponsored by the business community with support from the Governor's office, Giant Vision is South Dakota's only statewide entrepreneurship competition. Open to new businesses and college students in separate categories. The success of this program has aided in the creation of 870 new jobs in South Dakota since 2005.

WHY SUPPORT THE CHAMBER

We have a vision for the future of South Dakota and are seeking champions of free enterprise who share our vision and want to invest in the mission of the South Dakota Chamber and the future of the State.

South Dakota's future depends on business.

Jobs, tax revenue, homes, food, clothing all stem from business.

Business depends on free enterprise.

Business and free enterprise also need rule of law, an educated workforce and roads/bridges.

The South Dakota Chamber of Commerce and Industry knows how to keep that balance between free enterprise and essential government services.

Supporting the South Dakota Chamber of Commerce is the best way you can make sure free enterprise keeps business strong while government delivers essential services without burdening business and limiting future success for South Dakota.
